

MIND YA Gratitude

MindYaGratitude was born during Lockdown in 2020 after meeting through our mutual love of Gratitude and on cold / wet dog walks. Living in gratitude on a daily basis has not only transformed our own mindset but it has created such beautiful opportunities of growth, abundance and joy for us which we are using as our mission to share through M.Y.G.

During the 2nd lockdown in the UK, we knew the world needed more positivity and decided to create a platform to share that and what better way than through a carefully designed collection of eco friendly, sustainable accessories. With a spin on bags for life, BAGS FOR VIBES, was born. A gorgeous collection of Tote bags with inspiring messages, not only for the ones who use them but also for those who see them.

We are so proud to be two regular local mums making a massive impact on the world's well being. From the initial design, creating the quote right up to packaging and postage and everything in between, we do it all ourselves to ensure our customers get the best service. We run our social media based business from our HQ in Surrey, UK. After the huge success with BAGS FOR VIBES we are so excited to be bringing you a brand new collection of accessories and apparel in the near future.
